THIRTEENTH ANNIVERSARY OF TUESDAY CLUB'S INCORPORATION IS CELEBRATED BY MEMBERS

BIRTHDAY CAKE IS SERVED AT SOCIAL

Splendid Program Given by Organization; Meetings of Sections Are Announced

"Charter Day" was most auspiciously observed by over 600 members and friends of the Tuesday Afternoon club at its regular meeting at Masonic Temple yesterday afternoon, which marked the celebration of the thirteenth anniversary of that organization since its incorporation in 1908.

Qute fitting for this occasion a splendid program had been arranged. Mrs. C. E. Hutchinson, president of the club, announced that nearly all the property purchased by the Tuesday Afternoon club was now out of escrow. She stated that in the name of Mrs. A. L. Burson, formerly owner of one of these pieces of property, she had presented a check for $300 as a gift from Mrs. Burson to the Tuesday Afternoon club for the improvement of the grounds of the future home of this organization, so that all of the people of Glendale may receive the benefit. A rising vote of thanks was extended by the members to Mrs. Burson for this donation. Mrs. Hutchinson also reminded the club that Charles B. Guthrie had presented the club with $400, his commission on the sale of one of these pieces of property.

Section Meetings

Mrs. W. L. Andrews, general curator, announced the following section meetings: Music section, November 11, home of Mrs. C. L. Peckham, 615 North Central avenue; literary section, November 14, home of Mrs. G. H. Rowe; parliamentary law section, November 17, home of Mrs. B. O. Holbrook. At that time also Mrs. Andrews stated that after the plea which had been made by the two young women at last week's meeting for Near East Relief, she had taken one of the books and had sold fifty dollars' worth of coupons for this purpose and presented this amount to the club to be forwarded to the relief in the name of the Tuesday Afternoon club of Glendale.

Announcement was made in regard to Armistice day parade. All who are entering machines for the Tuesday Afternoon club were asked to have them at the place of meeting at 9:30 o'clock the morning of the parade. The committee in charge has prepared pennants, which will be distributed.

Red Cross Roll Call

Mrs. Lillian Dow made an announcement in regard to the Red Cross roll call and urged all members to enroll in this worthy organization. Mrs. Hutchinson also spoke of the meeting of the women of Southern California, which is to be held at 3:30 o'clock the afternoon of Armistice day at Hollywood Bowl in regard to urging limitation of armaments, and asking that a large representation of Tuesday Afternoon club members be present at that time.

An announcement which also met with favor on the part of club members was that made by Mrs. Hutchinson in regard to the selection of Alfred Priest as architect for the new clubhouse which is soon to be erected. She stated that the building committee, which is composed of the past presidents, past chairmen of ways and means and past and present members of the board, had met Monday and after due consideration to all candidates had taken a secret ballot, which resulted in Mr. Priest securing the largest number of votes. She also stated that a plan would soon be ready to be presented to the club members for their consideration.

Lead to Same Goal

Mrs. Lillian Burkhardt Goldsmith was then introduced as the speaker for the afternoon, her subject being

NEW INTERMEDIATE SCHOOL WILL BE LOCATED ON WEST SIDE GLENDALE AVENUE, BETWEEN ACACIA AND PARK; SITE $25,000

The new south side Intermediate school is to be located on the west side of Glendale avenue between Acacia and Park avenues on the site of three acres for $25,000, offered by Charles M. Turck.

The new small Grand View grammar school is to be placed between Fourth and Fifth treets and Justin and Ruberta avenue on five acres offered by C. Elsperman for $9500, and recommended by a committee from the Grand View Improvement association.

Definite action in regard to these and other properties was taken last night at the regular meeting of the grammar school board of trustees which was attended by all members except David R. Black, who is out of the city.

The purchase of six additional lots adjacent to the new Intermediate site is being considered. Three of these are on Park avenue and three on Acacia avenue.

Superintendent Richardson D. White was authorized to offer William L. Wood $1600 for his lot, 50 by 240 feet on Park avenue.

The purchase of ten lots or two acres south of the present Doran school was authorized by Superintendent White from Cameron D. Thom for $9000. This will about double the size of the school grounds.

In regard to five lots adjacent to the Columbus school, which Superintendent White declared was one of the largest in the city and only had two and a half acres of ground altogether, he was authorized to offer P. J. Nelson $3000 for his lot, including the house upon it, and to offer $1600 for the other vacant lots.

To acquire approximately two and a half acres east of the Acacia school the board authorized Mr. White to offer David B. Edwards, 521 East Acacia avenue, $9000 for the property which he is now holding for $12,000.

To increase the size of the Colorado school property Mr. White was authorized to offer Henry Henning, 203 East Elk avenue, $6500 for the lot, 80 by 140 feet, which was offered for $7500.

The above action was taken after the consideration of an appraisal report submitted by W. C. Wattles, 1218 South Gendale avenue; Francis E. Wilkinson, 1140 Stanley avenue, and Herman Nelson of the Glendale avenue branch of the Los Angeles Trust & Savings bank.

The sale of eleven lots on Maple street west of Verdugo road, which comprised the proposed Maple school, was authorized by the board. Richardson D. White called attention to the fact that the development of the city made the utilization of this site unnecessary as the boys and girls in this district have access to either the Broadway or Acacia schools. Sealed bids will be received on November 29. They must not be less than $6600.

BOARD TO CALL BOND ELECTION AND TWO SITES FOR HIGH SCHOOL WILL BE OFFERED FOR SELECTION

Broadway and Verdugo Road or Kenilworth and Doran Properties Will be Location of Institution if Issue of $85,000 is Decided Favorably

GLENDALE must have a high school consistent with the needs of the community. This was the consensus of opinion at the mass meeting held last night at the high school auditorium.

The Board of Trustees of the Glendale Union High School District was authorized to call an election in the near future for the voting of $85,000 worth of bonds to buy a site either at Broadway and Verdugo road or at Kenilworth avenue and Doran street as the voters may decide at the polls.

After several selections by the high school orchestra, led by Mrs. Dora Gibson, the meeting was called to order by Dr. Harry V. Brown, president of the board of trustees, who pledged himself and his associates to abide by the decision expressed by the voters at the election.

James M. Rhoades, secretary of the Glendale Chamber of Commerce, was nominated chairman of the evening by Cameron D. Thom.

"I very much appreciate the compliment," stated Mr. Rhoades upon taking the rostrum. "I hope that this meeting will resolve itself into a business meeting. The high school is for the good of our children and the future benefit of our city."

The motion that the board be authorized to call a bond election was made by Peter L. Ferry, 614 East Acacia avenue, who reiterated the reasons why the committee appointed by the chamber of commerce had recommended a site at Broadway and Verdugo Road.

Street Improvements

"If necessary, we are willing to extend the option on our property," declared Mrs. J. P. Lukens, 103 North Verdugo Road, speaking in regard to the east side site. She said that $22,000 had been paid for street improvements during the past nine years so that the property really would cost only $38,000 which, she said, was a very low price and lower than the owners would accept from any other buyer than the school board.

Rev. A. B. Smart, 110 Olive street, recommended the east side site because he said it was the most conveniently located in the whole high school district; it contains the best soil for vegetation, flowers and fruits; it is the highest practical site in the city being seventy-seven feet higher than Broadway and Brand boulevard and ninety feet higher than the west side site; it is the most healthy location on account of its altitude; in the winter it is generally free from frost.

West Side Site

I do not consider it a fact that the site offered by myself is entirely out of the growth of Glendale," declared J. R. Grey, speaking about the west side site. "On the contrary, I think it is absolutely in the growth."

George U. Moyse, principal of the high school, made a brief address outlining the situation in which he said:

"I wish so much that we think of the boys and girls. I don't believe that you have any conception how this school is growing. In 1910 the average attendance was 167; in 1915 it was 369; in 1920, 680. The big thing is to do something right now for our children."

Dr. Jessie Russell appealed to the audience to leave the hall with the overwhelming determination to support the bond election.

After Chairman Rhoades had made appeal for the elimination of unpleasant hostility in the coming election campaign and concentration upon the necessity of approving the bonds, the meeting adjourned.

Trustees in Session

Immediately at the close of the mass meeting, the high school board of trustees held a short session at which steps were taken to acquaint the county board of education with the action taken by the assembly in order that it might prepare the necessary legal papers for the calling of a bond election.

On account of the fact that a large part of this week is devoted to institute work throughout the county and that likely there will be a large amount of work piled up in the county office next week, the board has no idea as to how soon it will be able to receive definite instructions from the county superintendent of schools in regard to the date of the bond election.

Councilman C. E. Kimlin, of 219 North Isabel street, manager of The Glendale Sanitarium and Hospital, was operated upon last evening for appendicitis. Dr. H. G. Westphal, the attending surgeon, reports his patient on the road to an early recovery.

Mr. Kimlin had been suffering for a week from what was diagnosed as appendicitis, but it was believed an operation could be avoided. Yesterday afternoon he became severely ill and was rushed to the hospital for the operation.

The councilman will likely be absent from his official duties for two weeks or more.

Legion's Queen Will Be Crowned Tonight at Carnival Grounds

Record throngs are expected at the American Legion carnival tonight when the queen will be crowned after a most spirited contest for real honors. The most popular young woman in Glendale will be presented with a diamond ring and an order for a dozen photographs, the latter donated by Ralph W. Brown; the second will get a wrist watch, while third prize is a bar pin. Mayor Spencer Robinson will make the awards and Jane Novak, film star, will crown the queen.

The contest closes at 10 o'clock—every vote must be in the ballot box by then, according to L. W. Hoge, manager of the event for the American Legion. Shortly after that hour the contenders will be escorted to a platform at the Sheesley show grounds, Harvard and Orange streets, where the coronation program will take place.

Votes may be purchased at the carnival grounds after 6 o'clock tonight. Following is the official standing at 11 o'clock today:

Miss Viola Yorba	42,075

Miss Louise Moniot	18,000
Mrs. Ellene Wheelon	13,350
Miss Florence Kriski	11,225
Miss Helen DeLaine	2,500

Dru Nicoles, chairman of the Armistice Day Parade committee, states that the procession will wind up at the high school athletic field instead of Harvard street and Central avenue as first planned, on account of the congestion caused by the Sheesley shows. Short services will follow the parade, the autoists to form a circle about the grand stand.

Lenore Wiebe Hostess, Fourth Birthday Party

Little Lenore Wiebe, daughter of Mr. and Mrs. Hermann Wiebe of 438 West Burchett street, was hostess to a number of her neighborhood playmates on Monday afternoon, the gay event being in the nature of a celebration in honor of her fourth birthday. About a dozen small tots were present, each one of whom presented their hostess with a beautiful and appropriate gift.

The home was artistically decorated for the occasion in the typical Hallowe'en colors of black and orange, with numerous bouquets of chrysanthemums and roses completing the arrangement.

The afternoon was enjoyed in games and music, several of the youngsters taking part in the latter with songs and piano selections. Refreshments consisting of ice cream and cake were served during the afternoon by Mrs. Wiebe.

Girl Scouts, Troop No. 1, Has Meeting; Badges Are Received

The Glendale Girl Scouts, Troop I, held its regular meeting Tuesday afternoon at the Congregational church, with thirty-one in attendance. Dorothy Potter and Alice Hill, who have completed their tenderfoot tests, were subjected to an unusual mock initiation, followed by the Scout investiture.

At this formal ceremony the two tenderfoot Scouts were received into the Troop and took the scout oath. Alexandria Bagley and Frederica Browne were formally presented with second class badges, and the crowning event of the meeting followed in the investiture of Amy Bainbridge as First Class Scout, the first of this Troop to attain that honor. The first class test requires heavy mental and practical work, five merit badges being required, also a credit for community service. Amy Bainbridge is justly proud of the latter, which she obtained by an afternoon of service in the office of the city manager, under the direction of Miss Mock, his secretary.

Caroyln Ayers presided at the short closing business meeting Punch was served by a refreshment committee of which Ruth Dana was chairman, assisted by Lina Borthick and Alice Carpenter.

Miss Susan Wendell Is Given Surprise Banquet

Miss Susan Wendell was the guest of honor at a surprise banquet and miscellaneous shower given for her by the members of Ramona Institute Y. L. I., Monday night, at Casa Verdugo restaurant. She received an array of beautiful gifts from the twenty-five members present. The institute also presented her with an electric percolator with creamer and sugar bowl to match.

One of the events of the evening which provoked a great deal of merriment was the mock wedding, the principals of which were Mrs. Julia Salmacia, bride; Mrs. Frank Clark, bridegroom, and Mrs. Jesse Smith, minister. The bride was attired in a very comical costume, with lace curtain veil and carried a bouquet of radishes. The bridegroom wore a full-dress evening suit. This was followed by exhibition dances by Mrs. Salmacia and Mrs. Clark, which concluded a very pleasant and happy evening.

MOVE INTO NEW HOME

Mr. and Mrs. Arthur S. Sisley of Los Angeles are moving into the home on 630 East Maple street, which they recently purchased through the Glendale Realty company.

Auto Trades Dinner and Varied Program Take Place Tonight

Tonight is the big night on Automobile Row.

The San Gabriel Valley Automobile Trade association, to which many Glendale dealers belong, is holding a banquet and entertainment program at the Hotel Vista Del Arroyo, 125 South Grand avenue, Pasadena. It is known as "Ladies' Night!"

It is understood that some of those who expect to attend have not eaten yet this week in anticipation of the eight-course banquet which commences at 7 o'clock.

The speaker of the assembly, Henry W. Wright, is to give a short address.

M. E. Drum, a character analyst of wide repute, will demonstrate this subject.

Norman I. Prosser, Prest-o-lite battery dealer, will present an electrical exhibit qualified for the vaudeville stage.

Following the program the evening will be devoted to dancing and cards.

"Ever since we held our Ladies' night and general meeting some four months ago the members have been requesting another one," stated P. W. Battelle, secretary of the association. "We have lined up a program which we think will prove to be even better than the last. We have secured the services of an orchestra which will play during the meal as well as for dancing. For those who have never seen Prosser's electrical exhibit, we want to say that it is a real show in itself."

GUESTS FROM YUCAIPA

Mr. and Mrs. James Everington of 206 Fairview avenue have as their guests Mr. and Mrs. C. H. Smith of Yucaipa. Mr. Smith is the president of the Chamber of Commerce there and also a member of the Apple Growers' association. Mr. and Mrs. Everington and Mr. and Mrs. Smith were former friends in Minneapolis, Minn., where they formerly resided.

Business and Professional Women of City Start Gymnasium Class; Prof. J. E. Harley Speaks to Club on 'Armament Limitation'

At the regular meeting of the Glendale Business and Professional Women's Club, which met last night in the girls' gymnasium of the high school, and which was attended by about seventy-five members of the club, a class of thirty members organized for gymnasium work at the high school every Tuesday night from 7 until 9 o'clock. At the meeting of the high school board last night a teacher was authorized to take charge of such a class.

The business meeting was called to order by the president, Mrs. Margaret Biggs. Dr. Caroline Paine-Jackman, treasurer, reported $108.80 in the treasury. Much to the gratification of those present, Mrs. Baxter, chairman of the membership committee, reported a membership now of 100, which has been secured in about three weeks' time.

Miss Sara Pollard, chairman of the gymnasium committee, reported in regard to gymnasium suits. It was decided that all black suits were preferable for those buying new suits, but those having others may use them.

A. H. Ferguson, principal of the night school, reported that at the meeting of the school board last night they had authorized the appointment of a teacher for two-hour classes one evening each week. The club members expressed the preference of Tuesday night for this work, and it was stated that classes will begin at 7 o'clock next Tuesday night.

Plans Employment Bureau

Mrs. Biggs stated that the membership had been divided on the different committees, the chairmen of which read the names of those who were to work with them. Mrs. Mae Myton, chairman of the vocational guidance committee, stated that the club proposes to have an employment bureau.

It was also decided that the Glendale club will become a member of the Los Angeles County Federation of Business and Professional Women's clubs.

Professor J. Eugene Harley, who has charge of the department of political science at the University of Southern California, was then intro-

Herman Nelson Advances Number of Reasons in Favor of Lukens Site for High School; Quotes Latest Figures From Tax Assessor

"The so-called Lukens site is an ideal location for our high school from the standpoint of convenience to the district as a whole," declared Herman Nelson of the Glendale Branch of the Los Angeles Trust & Savings bank last night.

"First, it is centrally located.

"Second, it has the advantage of two street car lines within one block and I am informed that the Pacific Electric railway will put on a bus line running from Brand and Acacia or Cypress streets to Broadway and Adams street, giving the people in the south part of Glendale direct transportation to proposed school site.

"Third, it is surrounded on three sides with good improved streets leading to all parts of the city or district—Colorado boulevard running east and west; Broadway running east and west; Verdugo Road running north and south; and Sycamore Canyon Road, about to be opened, running northerly and southerly.

They Can Be Seen

"Fourth, being located on these very important streets in Glendale, we have the advantage of having our most important public buildings where they will be seen by the public at large, thereby incidentally advertising our city. For example, during the hour between 4 and 5 o'clock a week ago last Sunday there passed this proposed site on Colorado boulevard 690 cars; on Verdugo Road at the same hour, 550 cars and on Broadway 502 cars—a total of 1742. Assuming three people to each car, 5226 persons would have discussed and admired our high school grounds and buildings.

"Fifth, again from standpoint of a central location, it might be interesting to know that from figures obtained from public service department on October 1, 1921, there were 1359 connections in the old Tropico district, which is south of Windsor Road and just as accessible to the Luken's proposed site as any other suggested; there were 3019 connections east of Brand boulevard and north of Windsor Road to the foothills; there were 2915 connections west of Brand boulevard and north of Windsor Road to Verdugo Hills and 440 connections in the business district, making a total of 7733.

Chosen by Committee

"Sixth, the Luken's site was recommended by a committee selected by the Chamber of Commerce and options obtained before any real estate agents were able to get a finger in the pie or in any way profit thereby.

"Sevents, the price of the site is very reasonable. Property further out than this has been recently subdivided and lots mostly all sold at prices which are netting the seller a great deal more than this property in proportion. In fact, to my mind the people of Glendale owe Mr. and Mrs. Lukens a vote of thanks in appreciation of their generous offer.

Mr. and Mrs. Lukens are all-Americans. To my knowledge, they bought very generously every issue of Liberty Bonds and they are still holding them, thereby showing their continued support rather than selling their bonds on the market as many have done and thereby reducing the value of our bonds.

"Eighth, the site has its own water, good soil, street work all in and paid for and is high and dry."

Alena Roberts was initiated into the order with impressive ceremonies. This brings the membership to fifty-four.

Of the nineteen officers, seventeen were present last night, with Cora Jones presiding. Arrangments were completed for taking part in the Armistice day parade. BIRTHDAY PARTY AT TUESDAY CLUB IS SOCIAL SURPRISE

Thirteenth Anniversary Is Enjoyed at Meeting; Program Proves Pleasing

(Continued From Page 1.)

the "Winding Roads to God." The principal thought brought out in her talk was that although the roads were many and winding that they all lead to the same goal, and that no matter what a person's belief he should not be criticised for it. She urged all to look with tolerance and understanding upon the religious belief of others. Mrs. Burkhardt also dwelt on the fact that all worshiping is not done in cathedrals, but by many is done in the joy of the great outdoors. She also read many delightful poems and short stories, bringing out various points of her talk.

The big surprise of the afternoon was then announced as follows by Mrs. Hutchinson: – "Thirteen years ago today a band of faithful women who believed in big and better things decided that they would sign the articles of incorporation and make this organization a worth-while organization." She then asked Mrs. Alex Mitchell, who was vice-president at that time, to represent Mrs. Pack, who was president at that time and who is now in Vancouver; Mrs. C. J. Newcomb, who was treasurer at that time; Miss Ruth Byram, Mrs. F. L. Church, Mrs. Witham and Mrs. Mittie S. D. Parker, at whose home the first meeting of the Tuesday Afternoon club was held, and also Mrs. C. E. Stanley, whose mother, Mrs. Morris, was most active in the affairs of the Tuesday Afternoon club, to come forward. She then continued:

They Had Vision

These women before you dreamed great things. We are meeting today 600 strong to celebrate the thirteenth anniversary of the club since its incorporation."

She then presented, on behalf of the present membership of the club, a large birthday cake, decorated with thirteen yellow candles, which was wheeled in on a tea wagon by Mrs. O. O. Clark and Mrs. L. W. Sinclair. The cake was then cut by Mrs. Mitchell and tea and cake were served to the members and guests present and a social hour enjoyed.

Aviator Fires Plane to Test New 'Dope'

LONDON—John Phillips, a young airman, has just deliberately fired his machine in midair in order to test a new fireproof dope.

A small Avro machine was selected. The pilot's clothing, the wings and all inflammable parts of the machine were deliberately treated with the dope.

A smoke-candle was placed at each side of the fabric-covered pilot's cabin. Tins filled with petrol and saturated cotton wool were placed on the upper and lower sections of the plane.

Each container was supplied with a fuse, and the whole system was electrically connected, so that the aviator could start the conflagration at will.

When Phillips had the airplane well going and had made a few circuits of the aerodrome he switched on the current, which fired the fuse, and for a few minutes bright flames and dense smoke were to be seen.

The expected supreme test was not reached, for the immense air pressure on the rapidly-moving machine not only prevented any spread of the fire but actually extinguished that in the petrol container.

When the machine came to rest there was no sign of fire, but the wings were scorched at points. Small holes were burned through, but the dope had successfully resisted any tendency for the smouldering to develop into flames. The pilot's clothing was unaffected.

11 Killed in Kentucky

Generosity Good Trait
Protecting Postmasters

By Gil A. Cowan

WHEN they hold an election in Kentucky there is work for the coroner sure. Yesterday's toll at the polls in the Blue Grass state was eleven dead.

Breathitt county, as usual, was the scene of fighting. Four of the dead were democrats and four of the wounded republicans.

It seems to be a bad season for democrats although they won the election as a result of the fighting.

To read of the night riders, and the election affrays, and the moonshine of Kentucky one cannot appreciate what a good time is had by all, but just side track someone who comes from that part of the country and has kinfolk up there in the hills and the stories you'll hear will equal anything ever written.

A friend of Irvin Cobb, who comes from Paducah, came into The Glendale Evening News office to subscribe for this paper.

"Used to go to school with Irvin," he said, and then he told how the wheel of chance turned for the now famous war correspondent.

It was democratic influence that boosted him to New York from a $12 a week job to $500 a year. Then Cobb made good.

Most people from Kentucky do make good.

Little incidents sometimes make lasting marks.

Last night a wee bit of a girl came in The Glendale Evening News office with her parents who are comparative strangers in town. First thing she did was to offer the man at the counter part of the popcorn, holding the sack in a timidly tempting manner.

Now that little lady, maybe four or five years old, won't have much trouble getting along in this world. The generous person may not amount to much financially, but what a host of friends.

Looking back over yesteryears it was the one who shared the little things of life with you who made the greatest impression, wasn't it?

Can you imagine Capt. D. Ripley Jackson, Glendale's new postmaster, being a walking armory? And trailing a little ammunition train down the street.

That is the comical situation suggested by news dispatches from San Francisco and Washington regarding the arming of all postmasters and others necessary to prevent mail robberies.

It seems rather strange that in this land of enlightenment it is necessary to maintain marines on mail trains to prevent banditry.

Spectacle Case and Manuscript Case That Saved T. R. Preserved

NEW YORK—Posterity will have an opportunity to examine the typewritten manuscript and spectacle-case which Theodore Roosevelt carried in his pocket on the night when he was shot in Milwaukee in 1912. Those articles are now in the possession of the Roosevelt Memorial Association, No. 1 Madison avenue, New York City, and will be kept for all time as an evidence of Theodore Roosevelt's courage and robust vitality.

It will be remembered that on the night when Colonel Roosevelt was shot he had on a heavy military overcoat and carried his spectacle-case and the fifty-page manuscript of the speech which he was to deliver in his right-hand coat pocket. To this circumstance the colonel undoubtedly owed his life, for the bullet, after penetrating the heavy overcoat, plowed through the manuscript and spectacle-case and imbedded itself in the colonel's body just under the fourth rib.

The man who shot him was John Flammang Schrank, an insane liquor dealer, who was later committed to the hospital for the insane, at Oshkosh, Wisconsin. After shooting the colonel the man was set upon by a mob, who would undoubtedly have killed him had it not been for the timely intervention of the man he had tried to assassinate. "Don't hurt him!" shouted the colonel to the mob that was trying to get at the would-be assassin; "bring him to me." Then, turning to the detectives who had pounced upon Schrank, he said: "Officers, take charge of him and see that there is no violence done him."

Half an hour later the colonel was delivering his famous speech in the Milwaukee auditorium, in which he said, "It takes more than one bullet to kill a Bull Moose." The colonel talked for an hour and twenty minutes with the bullet still in his body, before giving his doctors an opportunity to examine him. The next day he was taken to the Mercy hospital in Chicago, where he stayed until all danger from his wound was dissipated.

The manuscript and spectacle-case are only two of the interesting Roosevelt relics now in the possession of the Roosevelt Memorial Association. Others are coming in by every mail, in answer to the appeal of the association to "remember T. R. on his birthday" by making some contribution to its collection of Roosevelt relics. It is planned ultimately to house these relics in the permanent headquarters of the association, which will probably be either in Oyster Bay or Washington. There they will be available for future historians and for the inspiration of all who feel inclined to visit the spot.

The manuscript and spectacle-case were presented to the association by Mrs. Roosevelt, who at the same time gave the association three hundred photographs of the colonel and his pocket diary of the Spanish-American war, which was hitherto unpublished.

$100-- Four women-- and an advertising man!

Marinello
Glendale

"One hundred dollars for advertising—that's all we can afford to spend for advertising for a very long time," we informed the advertising man. "What shall we do?"

—When you can afford more, I'll make some charge—he said. In the meantime, tell me all about it.

"The four of us are graduate and experienced Marinello beauty operators. We are anxious to inform the women of Glendale about the thorough beauty service now at their disposal in the Marinello shop."

—Good! If women are as interested in their good looks as much as we men are—in Glendale—they'll want information. Continue.

"We are doing the finished type of Marinello work, so well-known in Chicago, New York, and the larger cities of the East. Our equipment is of the widest range, electrical and otherwise. It is our idea to make very reasonable prices."

—Excellent service and low prices are fine advertisers—he advised. Funny! My wife doesn't spend half as much on her hair and complexion as I do myself, in my barber's shop.

"How shall we introduce ourselves to the very best women of Glendale? We are sure they're just as kindly and helpful as the Chamber of Commerce and business men have been."

—Well—intelligent and well-bred women always value some personal information about the abilities of the professional people with whom they want to come in contact, he suggested. Inform them.

"At your service, please, the four of us—
"I am Mrs. Clara B. Moss, widow of a service man, killed in the world-war. Graduate of the Chicago Marinello College; instructor since then in the National School of Cosmeticians. I have just resigned to come to Glendale. In my work, I have instructed and graduated over 100 Marinello beauty operators.

—We'll just leave that much in, he smiled. Glendale women will surely know you are very competent. You did well to choose Glendale—one of Southern California's five finest cities.

"I am Miss Effie McCormick, sister of Mrs. Moss; with her, an instructor in National School of Cosmeticians—Marinello. Not yet released, because in courtesy to the School, both of us could not leave at once. But my home and hopes are in Glendale. As soon as another instructor comes from Chicago, I will be in the service of Marinello Shop in Glendale.

—That's fine! Women appreciate fidelity and proper business faith more than the average man, sometimes, he commented, soberly.

"I am Miss Edna, a Marinello graduate, pupil and protegee of both Mrs. Moss and Miss McCormick. I've been with Marinello Shop in Glendale for some time. When Mrs. McCracken had to go North and leave us, I was delighted that my two instructors and chums, with whom I have been living, decided to come to Glendale.

—An atmosphere of genuine love for your work and your associates will bring success to the four of you, as it will to any business, he promised.

"I am Mrs. Cora Purcell, Marinello specialist in marcelling, hair work and coiffure. Just from Des Moines where I owned my own shop. Thoroughly in love with Glendale and California. With my three associates, hopeful that Glendale women will try our Marinello beauty service.

—Of course, that's just a glimpse of your personality. Sorry we couldn't tell more—but women like a continued story, he said. Some of them, I'm sure, will come in to see you, for another chapter. Let's wait and see!

"The four of us, and the advertising man, thank you!"

duced and spoke on "Limitation of Armaments." He emphasized the power of public opinion, especially of the club women throughout the country.

End of Civilization

Professor Harley stated that not only in this country but in other countries thousands of women have signed petitions urging the limitation of armaments. He stated that there is no limit to the possibilities of science improving the methods of warfare, and that unless some limitations are set that it will mean the end of civilization. He outlined briefly the historical development towards world peace, telling of the conference at Vienna and the Holy Alliance of 1815, the Hague court of arbitration and the League of Nations.

The public opinion of the world, he stated, was not believed to be educated at present to complete disarmament, but that this would have to be gradual. He also stated that the people of the various nations should not be judged by their armaments but by their contributions to civilization. He closed his talk by saying that the United States has showed the world new pathways in religious freedom and democratic government, and that if it could show the world another pathway in the limitation of armaments it would have done its part in the services to humanity.

A committee consisting of Miss Sara Pollard, Miss Parsons, Dr. Esther Hurt and Dr. Elsa Haveman was appointed to decorate the official automobile which is to represent the Glendale Business and Professional Women's Club in Armistice day parade. There will also be about eight other machines carrying club members in the parade.

'Quo Vadis?' Picture Is Featured Today on Glendale Screen

History, romance and tragedy are blended into an awe-inspiring and thrilling spectacle in George Kleine's gigantic photodramatic production of Henry Sienkiewicz's celebrated novel "Quo Vadis?" which commences a three-day engagement at the Glendale Theatre today. "Quo Vadis?" is accredited by all who have seen it, with being the most marvelous motion picture spectacle of the century.

It has created a sensation wherever it has been shown. For scope, magnitude, extravagant splendor, realism, thrills and sensation, it is said the picture has never been equaled.

The beautiful love story of the pagan Vinitius, for the Christian girl, Lygia, is related with remarkable fidelity, and the companion love story of Petronius and Eunice, his slave, is also faithfully shown.

The trials of the early Christians, the vain and cruel temperament of the wicked tyrant Nero and his courtiers, which were so graphically drawn by the author, are illustrated on the screen with remarkable veracity.

French Powder Horn Over 300 Years Old

OTTERVILLE, Ill.—Handed down through posterity in six generations, a peculiarly-carved powder-horn more than three centuries old, a relic of the colonial French war and used as a talisman by four "Jason Humistons" in four of the important wars of this country, is the property of Andrew Jason Humiston, of this little town.

The relic was secured in 1690 by Jason Humiston, of Connecticut, during the colonial French war and was worn by him during the remainder of that war. It was among the spoils taken by Humiston from an Indian whom he had killed while scouting in a woods.

The relic has been handed down by the Humiston family to be worn successively by blood issues of the family bearing the name, Jason Humiston. Jason, Jr., the son of the first possessor of the relic, carried it during the entire period of the Revolutionary war. Jason the third used it as a talisman during the war of 1812. The fourth Jason died in the south, and his son, Jason the fifth, carried it as a talisman during the Civil war.

Andrew Jason Humiston, a grandson of Jason the fifth, is now in possession of the relic and has owned it for more than forty years. Upon his death it will revert to his son, James Jason Humiston, now six years of age.

WIN FOR BURCH DEFENSE

LOS ANGELES, Nov. 9.—The defense in the trial of Arthur C. Burch, charged with the murder of J. Belton Kennedy, won its first big victory when Superior Judge Reeve granted a continuance of the case until November 22, for the purpose of obtaining depositions in Chicago to support Burch's plea of insanity.

Judge Reeve's decision granting the continuance was given after a long argument by the lawyers in the case, during which District Attorney Woolwine charged openly that the defense was "stalling" for time, and demanded Burch be placed on trial immediately. Representatives of the defense and the district attorney's office will leave for Chicago today.

SHADES OF MR. NOAH WEBSTER! IT'S 'GOOD ENGLISH WEEK' AT HIGH SCHOOL, AIN'T IT? UH-HUH!

This 'Good English' Has Nothing Whatever To Do With Pool; Author of That Much Thumbed Volume, the Dictionary, Read and Re-Read

How good is "Good English Week?"

Noah visited the Glendale Union high school this morning to find out.

No, there were no animals with him for he was the shade of Noah Webster.

He was surprised to find how popular he had become and pleased to notice what a lot of "press agenting" he was getting through posters displayed in the main hall advertising the value of good English.

After he had conferred with Miss Jennie Y. Freeman, head of the English department, and Miss Mona C. Gardner, dramatic coach, who are doing their best to banish slang and ostracize bad grammar, Noah decided that he had died too soon. When he was shown a copy of the latest edition of the dictionary, he did not recognize it because it contained so many words that he never saw before. He started right in to cross a lot of them out because he said that they were slang—but he was told that they were in perfectly good usage now. When he got to the war words, he had to admit that he didn't know a whole lot about English himself.

English Somewhat Sour

Mr. Noah noticed one poster which was marked: "Say: I am not, I have gone, you were, I did, I saw."

"Terribly hard to make a coherent sentence out of that!" he exclaimed, but added that it ought to be easy to "Forget: I ain't, I have went, you was, I done and I seen."

Glendale Union high school is now "Good English Headquarters" according to one of the posters which depicted a student's arm depositing a battered pamphlet of bad English, in the trash can directly in front of the school entrance. Mr. Noah went outside but couldn't find said trash can anywhere.

"School Reputation" is inscribed upon a ship outlined on one poster. This is about to smash into a mine marked "Bad English." Under it is lettered: "Are you going to let this ship be wrecked on account of bad English?"

A poster designed by Alfred Taliaferro depicts a mountain with a trail winding to the summit above which is semi-circled the words "Good English" At the side is noted: "Takes you to a higher point."

Even Dog Knows Better

In two panels side by side are shown Buster Brown and his dog. Tige remarks, "Gee, ain't it nice here?" and Buster corrects him by saying, "Remember this is 'Good English Week,' Tige."

"Hey, Polly ain't got no cracker!" coming from the bill of a gaily painted parakeet immediately caught the attention of Mr. Noah. He admired the suggestion: "Don't be a parrot and repeat all the bad English you hear."

Across the hall a brown owl on a poster hooted: "The wise advise Good English.

"The Rock of Good English" and "The Sands of Bad English" both supported castles marked "Your Career" on one poster. The wording is: "It's for you to choose."

"Better speech for America is inscribed in letters of red, white and blue under the painted photograph of Miss Columbia. Noah said that she had learned how to use cosmetics since he saw her last, but presumed that she was trying to keep up with the times.

Mr. Noah also was interested in the following statements contributed by Glendale citizens:

G. E. ALEXANDER, manager Sam Seelig's store: "The use of good English in business is one of the most important assets. It is a study which should be given a great deal of consideration in the education of our young men for the business world."

ARTHUR OLIVER, head of high school mechanical arts department: "Look to your English! An engineer of unusual technical ability has twice tried and failed to establish himself in business and still occupies a secondary position largely, in my opinion, because he speaks and writes like an ignoramus."

A. R. EASTMAN, vice-president Glendale State Bank: "Good English is the most important requirement in seeking a business connection. Without it you cannot deliver the punch."

C. H. BOTT, merchant: "The value of good English in business is almost equal to the use of good English in public speaking. A salesman, who uses good language in his dealing with the public, is far more successful than one who does not, even though the latter may have the same ability as a salesman."

EARL BROWN, head of high school science department: "Many students of science find it difficult and even fail because they do not have a good knowledge of English. They read science by pronouncing orally or mentally a mass of words without being able to understand what the words so arranged mean. As a result, science becomes dry and uninteresting and experiments are performed incorrectly because the students do not understand English well enough to follow directions."

CHARLES B. GUTHRIE, realtor: "The most ignorant person appreciates the sound of proper words in the proper places. No person prefrs uncouth and abbreviated speech. The greatest benefit to growing youth will lie in a correct understanding of the English language."

TIGER TEAM FIGHTS YALE; PENN STATE AND NAVY MEET

Saturday's Battle Will Have Whole Lot to Do Fixing Up Championships

By JACK VEIOCK
Written for International News Service

NEW YORK, Nov. 9.—Three more weeks and the 1921 football season will be a thing of history.

But what a season it has been! Fraught with upsets all along the line, filled with thrilling feats by individual stars and productive of some of the greatest struggles seen on the lines for many a year, this season bears the stamp of success.

Monster crowds—bigger by thousands than the crowds of former years in many instances—have come out to witness the real classics. Yet there are games yet to be played that will draw still greater crowds to the sidelines.

Titles Not Decided

Championships in the east, west and south still remain undecided. There have been so many good elevens making sturdy bids for the honors that sectional titles cannot be settled for two weeks to come.

The schedule this week will have an important bearing in this respect, especially in the east.

Fresh from its victory over Harvard, the Princeton Tiger will swoop down on Yale next Saturday at New Haven, bent on cleaning up the championship of the big three.

Navy has a tough assignment this week. The middies are scheduled to take on Penn State at Franklin field, Philadelphia, while Pennsylvania is battling Dartmouth at the Polo grounds.

Have Not Been Beaten

Navy and Penn State have not been beaten. They enjoy this distinction along with Yale, Cornell and Lafayette in the east. But one of them, very likely, will go down to defeat this week, and the victor will have something to crow about. Few teams of the year outrank the middies and Nittany Lions.

While Princeton and Yale are having it out Harvard will take on Brown at Cambridge and Syracuse, and Colgate will fight it out at Syracuse. Cornell will meet Springfield at Ithaca, Columbia and Ohio university will clash here, and Pittsburgh will tackle W. and J. at Forbes field.

Screen Version of Popular Stage Play T. D. & L. Feature

A record breaking cast of characters appears in George Fitzmaurice's latest Paramount picture, "Experience" which comes to the T. D. L. Theatre today and tomorrow. Thirty distinct characters, ranging from "Youth," the leading role played by Richard Barthelmess, and "Love" by Marjorie Day, to "Prohibition" and "Intoxication," are shown in the screen version of George V. Hobart's popular stage play. In addition to the huge cast there were more than 500 "extras" used for atmosphere in the "Primrose Path" cabaret and the street and Rathskeller scenes.

The story of "Experience" deals with an ambitious young country chap who goes to the big city to make his fortune and who learns the bitter truths about life from personal experience. There is a charming love story and there are many dramatic moments. In the supporting cast are such players as John Miltern, Edna Wheaton, who was declared to be the most beautiful woman in New York, Nita Naldi, Kate Bruce and many others.

"Snooky's Wild Oats," featuring Snooky, the human Chimpanzee, is the comedy, and Kinograms complete the program.

Today is benefit day for the Boy Scouts.

SPORTS CHATTER
By BILL UNMACK
PACIFIC SPORTS SERVICE

The days of the "modified Marathon" on this coast have arrived. The first of these events is to be held on November 24, Thanksgiving Day, at Sacramento, and the next big event of the same type is scheduled for January 1 in San Francisco. The Sacramento race is being promoted by the Sacramento Union and the San Francisco race is the annual event of the Bulletin of that city.

The first full Marathon distance of twenty-five miles was run in this country September 19, 1896, from Stamford, Conn., to the Columbia Oval in New York. It was held under the auspices of the Knickerbocker A. C. then in its prime in New York and was won by John J. McDermott of the Pastime A. C. of New York in 3 hours, 25 minutes, 55 3-5 second.

The next year the Boston A. A. held its first Marathon and today this event is conceded to be the "blue ribbon" event of marathon running in this country. It has been an annual fixture since 1897 and the same J. J. McDermott who won the original Marathon also won the original event given by the Bostonians. It was in 1908 when Johnnie Hayes won the Olympic Games Marathon for this country that the long distance grind took on its greatest upward trend, and strange to say about that same time or a little later clubs came to the conclusion that twenty-five miles was too great a distance and the term "modified Marathon" was substituted with the shorter distances.

On this coast the original newspaper Marathon (modified) was started by Hy Bageley then a sporting editor of the S. F. Bulletin in 1912, though prior to that in 1909 the San Francisco Examiner held a Marathon event of the full distance, though the event was never perpetuated. The Oakland Tribune, Seattle Union Record and the Sacramento Union have followed at different periods in encouraging amateur sport through the long distance races and each of these papers continues to hold its annual events. Other papers have held cross city races as they are generally termed, but the papers named are the only ones giving their affair annually.

The coming Sacramento Union cross city modified Marathon has been run off for some years past and is gradually working itself into that stage where it can be claimed as a "classic." The event always has a large entry, it is always well handled and managed and news of the event always finds a ready clientle of readers not only local to Sacramento but all over this Pacific coast. Generally speaking, these events are more or less local in character, but once the athletic followers of a state or section of the country take notice of them they take on a wider range of importance and that is just what the Sacramento Marathon is doing.

The race on Thanksgiving Day is open to any registered athlete of the United States. Just so long as the athlete can prove his amateur status and show a registration card of an A. A. U. branch of the United States he is eligible to race. The prizes in such a race are always worth while.

The WORLD OVER
By FRANKLIN B. MORSE.
PACIFIC SPORTS SERVICE

NEW YORK, Nov. 9.—One of the purposes of the American invasion by Miss Suzanne Lenglen, the French tennis star, was to raise a fund in aid of the devastated section of France. Followers of tennis know all the details of the little French star's sickness and her rather tragic breakdown which ended in her return to France. As a result, Americans have been treated to as fine a display of generous sportsmanship as ever has been exhibited anywhere. The burden which Miss Lenglen was to have shouldered immediately was taken up by William Tilden, Vincent Richards, Mrs. Molla Bjurstedt Mallory, Watson Washburn, Eleanor Goss and other American tennis players of standing.

Without obligation whatever on their part, they undertook to carry out what the little French woman was incapaciated from doing. As a result they have added thousands of dollars to the fund. The French will not be slow in their appreciation of this disinterested action and they may be counted on to evince their gratitude in some graceful manner.

The fact that Babe Ruth voluntarily withdrew from his position defying the baseball authorities in the matter of his barnstorming trip, has been most gratifying to all baseball fans particularly those who are interested in the destinies of the New York Americans. Needless to say Ruth is the idol of the public of this city, but it could not condone the fact that he had broken the baseball law. However unfair that law might be did not enter into consideration. It was a statute written into the books for the sake of discipline. Ruth's friends felt he was setting a bad example and Judge Landis had the support of all hands. Had Ruth not seen the light of reason it simply would have been inevitable that baseball's brightest light would have been snuffed out for all time. There was no other alternative.

Strangler Ed Lewis, heavyweight wrestler, is in town and it is his purpose to win back the crown he lost to Zbyszco in this same city in which he lost it. He is in active training and will keep up the grind, with the usual letups between matches, throughout the season. The title-holder has not yet returned from abroad, where he went some months ago for a more or less indefinite stay. Needless to say things are going to be rather stagnant in the wrestling line until Zbyszco returns and is ready to take on the aspirants for the title. Lewis has the first call for the opportunity. No one seems to stand in the way of this claim, though Stecher's recent decision in San Francisco over Lewis gives him an apparently even greater right for precedence. As a matter of fact, though, Lewis seems to be conceded to be the man physically better endowed to cope with the barrel-like Russian. Lewis seems practically to have recovered from the infection which at one time affected his eyes and all but blinded him.

Elks' Bowling Contest Schedule Postponed

The bowling alleys at the local Elks' clubhouse are receiving a much needed rest this week due to the postponement of the regular schedule of the house bowling league. This action was taken by the executive committee of the league on account of "Armistice week," which is being observed by the local American legion post.

As a result of the postponement the remaining four weeks of the schedule will be conducted one week later than was previously announced. Next week's games will be as follows: Tuesday, E. Z.'s and P. D. Q.'s; Wednesday, Jays and Terrors; Thursday, Buzzards and Wizards; Friday, K. P.'s and Bambinos.

However high a bird may soar, it seeks its food on earth.

NOTRE DAME WINS, 48 TO 0

POLO GROUNDS, NEW YORK, Nov. 9.—Notre Dame's great scoring machine swamped Rutgers college here under a score of 48 to 0, sweeping the Scarlet players before them with a brilliant and dashing attack. The only chance Rutgers had to score was thrown away when fullback Waite tried a forward pass on a first down within the shadow of the Blue and Gold goal line. The pass was incompleted and the ball went to the Hoosiers. After that Rutgers never had a chance. Paul Castner, right halfback for the Catholics, was the bright star of the game. A crowd of more than 20,000 persons attended.

CHINA TRIES TO MEET NOTE

WASHINGTON, D. C., Nov. 9.—China has officially assured the United States that she is doing everything possible to meet the note for $5,500,000 held against her by the Continental and Commercial National bank of Chicago, and which she allowed to go to default last week. The assurances were given the American Minister at Pekin in response to a note from the United States which called China's attention to the serious effect her default would have on Chinese credit and prestige abroad.

HEALTH OFFICIALS ISSUE WARNING ABOUT CELERY

Claim Ninety Per Cent Unfit for Use From Arsenic Spray Being Used

At a meeting of food inspectors held in Los Angeles last night for the purpose of reporting inspections made of celery, both in the field and in the laboratory, it was claimed that 90 per cent of the celery grown in Southern California is infected with an arsenical spray, announces Health Officer Dr. J. E. Eckles who, with Sanitary Inspector H. W. Hollenbeck, attended the meeting.

Sanitary Inspector H. W. Hollenbeck is making an inspection of celery in the fields and on the market. Mr. Hollenbeck announces that tags are being taken along and in case the celery is found to be infected it is condemned and tagged.

Cases of Mild Poisoning

Dr. Eckles stated that the spray is not intended for celery and cites one instance of thirty-five pounds being used on one acre, apparently, he says, a short time before the celery was put on the market. The preparation, he says, cannot be thoroughly washed off and, during the past few days he says many cases of mild poisoning have come under his observation.

The following statement is submitted by Dr. Eckles and Sanitary Inspector H. W. Hollenbeck:

"To the People of Glendale: You are by this notified that it is unsafe to use some of the celery that is now being offered for sale, as it has been shown by tests made that the same is poisoned, due to the use of excessive quantities of arsenic as a spray to destroy plant parasites.

"Action is being taken by federal, state and district food inspectors to condemn all fields from which supplies are received that show an excess of arsenic spray, but in order that all may be on the safe side, it will be well if every householder, until such time as the situation can be rendered safe, to refuse to buy or use any celery produced locally.

"Samples of celery from local fields were taken to the laboratory of Dr. Carl Wilson of Los Angeles for examination and after making a test of same and finding large quantities of arsenic, samples from same were taken to another laboratory as a check and this laboratory also reported that the same was unfit for use.

Makes Examination

"Dr. Carl Wilson in his letter to this department states as follows:

"I have made a careful examination of the celery and find it to be covered with a coating in part green and in part white, and obtained a strong positive reaction for arsenic in the washings from the samples. The amount found was sufficient to warrant the immediate condemnation of the celery, and its removal from the market as a dangerous food product. Experiments made by the state of California show that the arsenic cannot be completely removed from the celery by washing, and I would deem it advisable that you take immediate action to protect your citizens against this poison.

"'Yours respectfully,

"'DR. CARL WILSON,

"Of the department of public service, City of Los Angeles.'"

"Drastic steps will be taken by this department to remove all celery found to be infected from the market, but, as this will take time, we take this method of informing the people of Glendale of their using celery in any way whatsoever, cooked or raw, as food.

"Respectfully,

"Glendale Health Department,

"By D. J. E. ECKLES,

"Health Officer.

"Countersigned,

"H. W. HOLLENBECK,

"Sanitary Inspector."

Five Hundred to Attend Tournament of Shoe Hurlers

According to the interest being shown in the State Horseshoe tournament, to be held on the high school grounds here November 25 and 26, by many of the surrounding towns the crowd that will gather here for the event is expected to reach the 500 mark, says W. H. Nicoles, secretary of the Glendale Horseshoe club and treasurer of the Horseshoe Pitchers' association.

"The tournament has been well advertised," said Mr. Nicoles, "in the towns of Ventura, Oxnard, Burbank, San Fernando, La Crescenta, Santa Monica, Venice, Ocean Park, Manhattan, Hermosa, El Segundo, Anaheim, Orange, Fullerton, Whittier, Compton, Riverside, Redlands, San Bernardino, Pomona, Ontario, Uplands, Monrovia, Covina, and many other towns and the interest indicates we may expect a crowd of several hundred for the event.

"There will be many cash prizes for the winners, besides trophies of silver cups and medals. The program will be announced in a few days by George E. Krimball, 348 Carroll Park, West Long Beach, secretary of the state association.

Safety Gates Will Be Placed at S. P. Tracks

Safety gates, otherwise known as an automatic fence, will be installed at the Brand boulevard crossing of the Southern Pacific railroad on the southern limits of Glendale, according to Superintendent Whalen, who was in conference with Glendale Chamber of Commerce committeemen Monday afternoon.

This was announced by Jesse E. Smith, first vice-president of the Chamber, who presided at yesterday's meeting of the directors. However, the railroad company states that the city is expected to share the expense and a committee will wait on the council to get this aid.

The committee on the Pasadena Rose Tournament float will be composed of practically the same persons who have so successfully carried out the prize-winning work in years past. Mrs. M. L. Tight is chairman; L. W. Chobe, Mrs. Chobe, R. F. Kitterman, Dr. Jessie Russell, J. G. Huntey, C. E. Kimlin and V. M. Hollister are the other members. To Mr. Chobe goes the duty of director of the work.

Telephone, gas and other problems were brought before the board and referred to committees while E. F. Sanders of the Armistice day parade committee urged all of the directors to be in line with other members with the motorcars.

Next Tuesday noon the board will dine with the Pasadena Chamber of Commerce directors and in another week it is expected that they will meet at their new headquarters in the Citizens' building.

Murphy Winner in Battle Over Irish

KANSAS CITY—After arguing the Irish question with two Swedes, a German and a Jew and later displaying much fistic prowess, Harry Kelly and Frank Murphy, Irishmen, mixed it for a while between themselves.

When the two gents' names were called in the municipal court only Murphy appeared. He was swathed in bandages.

"Where's your opponent?" questioned the judge.

"He's not able to be here, Y'u'r Honor."

"You don't mean to tell me that four men licked two Irishmen!" exclaimed Judge Fleming.

"No, Y'u'r Honor; it wuz a hot battle," continued Murphy. "Soon all of that crew was on the ground, excepting Kelley and myself. Then we went on with the fight, and Kelley lost."

"Discharged," ruled the court.

PRIVATES BRING PROTEST

WASHINGTON, D. C., Nov. 9.—Officers of the A. E. F. were accused of having "arrogated to themselves the prerogatives of an autocratic aristocracy" and of having "court-martialed 400,000 enlisted men, chiefly because of their failure to be dazzled by the glorious effulgence of a pair of shoulder straps and a Sam Brown belt," in a petition sent to the Senate by the National Executive committee of the Private Soldiers' and Sailors' Legion. The passage of the pending bill to retire former reserve officers, who incurred disability during the war, with three-fourths pay and the same privileges as regular officers, was opposed in the petition.

ADMIRAL EBERLE TO EAST

LOS ANGELES, Nov. 9.—Admiral E. W. Eberle, commander-in-chief of the Pacific fleet, has left Los Angeles for Washington for a month's service with the naval selection board. With the commander of the Atlantic fleet and the heads of the various Washington navy departments, he will pass on promotions for admirals, vice admirals and commanders. Before leaving for the east, Admiral Eberle warmly denied the truth of the report that he was not to return to his command here. He asserted the rumors were without foundation.

EMERGENCY TARIFF LAW

WASHINGTON, D. C., Nov. 9.—The Senate has voted to extend the emergency tariff law until a permanent tariff law is enacted and in force. The Senate action amended a bill already passed in the house which would have extended the emergency tariff law to February 1, 1922. The amended bill now goes to the conference.

TRUE FRUIT FLAVOR WITH ICE CREAM PROVES POPULAR

Glendale Concern Puts Forth Special That Results in Delight—and Demand

Fru-ber-ree', a new true fruit flavored ice cream, is announced in a large display advertisement toway by the Glendale Ice Cream company. It is an Armistice week special that will be an all-year-round favorite, it is forecasted.

Fru-ber-ree', with its delicious, fruity, winey tang, is an original product of the laboratories of the Henry-Brown company, inc., manufocturers of the wonderful Sierra Club Ginger ale and fruit beverages, the wide distribution of which has done as much or more than any one line of reputable products to voice and perpetuate the praises of Glendale.

By special agreement with the Henry-Brown company, the Glendale Ice Cream company will have precedence in the use of this new and delightfully delicious creation for ice cream in Glendale.

Yum! Yum! It's Good!

It is predicted that the Fru-ber-ree' true fruit flavor will prove a sensation since it may be used in a hundred or more ways as a flavoring, giving distinct individuality to frozen dainties, confections, beverages, fruit punches, especially those served in the home.

Fru-ber-ree' is said to have no peer as a flavoring for ice cream, fruit sundaes, malted milk, fruit sauces, gelatines, shebrets, ices and fruit punches for all occasions. It is also a wonderful flavor for home-made confections such as bon bons and chocolate cream centers or fudges.

The Henry-Brown company are preparing to exploit Fru-ber-ree' in various convenient forms, especially for home uses, and will, at the same time, issue a neat little handy book of recipes that will suggest the numerous uses to which this wonderfully versatile and luscious true fruit flavoring may be applied.

"Taste is the microscope of judgement," it is said, and this local institution asks Glendale people to ask for Fru-ber-ree' ice cream on Armistice day or thereafter. They are confident your taste will tell the success of this distinctively Glendale creation.

Rommel Construction, Glendale Realty Move

The Glendale Realty company and the Rommel Construction company have moved from 131 South Brand boulevard to the adjoining building at 133 South Brand and this morning were both installed with office furniture, maps and records.

P. C. Brown, manager of the Glendale Realty company, states that business has increased so that larger quarters were required.

FRIEND HUSBAND, READ ON!

NEW YORK, Nov. 9.—Women's clothing prices next spring will be from 25 to 33 1-3 per cent lower than last spring through the immediate return of piecework in the garment manufacturing trades of New York, it was announced by the Cloak, Suit & Skirt Manufacturers' association. It was pointed out that lower prices were necessary to keep the trade alive as the public is refusing to buy at the old prices.

Trouble has broken out in the ranks of the garment makers over the allegation that the employers have broken their agreement with the workers. A strike vote is being taken by 60,000 workers in the garment making trade.

FAIL IN BANK ROBBERY

EMMONS, Minn., Nov. 9.—A band of four masked bandits staged a reign of terror here while attempting to loot the Farmers' State bank. They failed in the effort, after driving all citizens from the streets under volleys of shots, and fled in an automobile. A posse of 100 armed citizen took up their pursuit.
